

CHRIST THE KING MATRIC.HR.SEC.SCHOOL
KARAMADAI- COIMBATORE

MONTHLY REPORT FEBRUARY- 2025

02/02/25 MERITORIUS AWARDS:

We are delighted to share that our esteemed Principal and teachers have been honored with the Meritorious Award 2025 for their dedication and excellence in education. This recognition reflects their hard work, commitment, and significant contributions to shaping young minds.

04/02/25 DISTRICT LEVEL CHESS TOURNAMENT :

On 4th February 2025, our talented students, Selvi.Rujula (Grade 7) and Selvi. Afra Liyana (Grade 1), participated in the District-Level Chess tournament and were awarded Participant Certificates. Their dedication and enthusiasm in representing our school are truly commendable. Congratulations to both students on this achievement!

06/02/25 LISTENING AND WRITING ASSESSMENT:

Students from **Grades 3 to 8** participated in a Listening and Writing Assessment to enhance their listening comprehension and writing skills. They carefully listened to passages, stories, or instructions and then responded through writing exercises. This assessment helped improve their focus, language proficiency, and critical thinking, making it a valuable learning experience.

FOCUSED ADMISSION CANVASSING:

Throughout this month, our dedicated teachers are actively engaged in canvassing for admissions, following the directive of our Administrator, Rev. Fr. Lourdusamy. With a strong focus on student enrollment, they are making continuous efforts to reach out to prospective parents and students, ensuring a successful admission drive for the school.

07/02/25 SAFETY DAY:

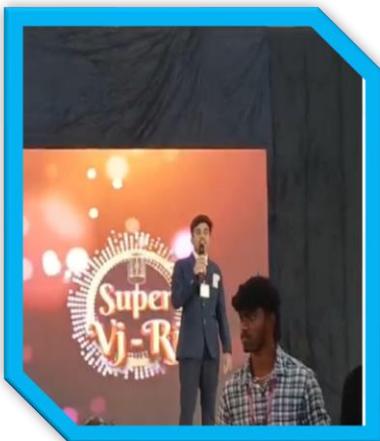

On 7th October, our Principal conducted a safety check of the school for Safety Day. She inspected all vehicles, fire safety equipment, classrooms, labs, the garden, and restrooms. This was done to ensure a safe and secure environment for everyone in the school.

08/02/25 AND 22/02/25 VICTORY IN VARIOUS COMPETITIONS

PARK INSTITUTIONS- SUPER VJ AND RJ.

Our students showcased their talents by participating in various competitions in Park institutions for the programme **SUPER VJ AND RJ**. The students participated in the competitions. Our students showcased their talents by participating in various competitions such as RJ, speech, and dance competitions, bringing pride to our school by winning shields and medals. A special mention to Abhishek M. of Grade 8, who secured the 10th prize in his competition. Congratulations to all the winners for their outstanding achievements!

OUTSTANDING ACHIEVEMENT AT SANKARA POLYTECHNIC COLLEGE:

On the occasion of U. V. Swaminatha Iyer's birthday, Sankara Polytechnic College conducted various inter-school competitions. Our students enthusiastically participated in events such as singing, drawing, and more, showcasing their incredible talents. Competing against 26 schools, our students made us proud by winning prizes, shields, and medals. A remarkable achievement for our school was securing the 2nd place overall, a testament to the hard work and dedication of our students. Congratulations to all the participants and winners for bringing this honor to our school!

ASSEMBLY

03/02/25 - GRADE 2- ASSEMBLY ON WORLD CANCER DAY:

The students of Grade 2 conducted an insightful activity on World Cancer Day, aimed at spreading awareness about cancer, its causes, prevention, and the importance of early detection. Through informative speeches, charts, and creative presentations, the young learners highlighted the significance of maintaining a healthy lifestyle and the role of proper nutrition and regular check-ups in preventing cancer. The activity also included poster-making where students illustrated messages on cancer awareness, encouraging their peers to support cancer patients and promote a healthy environment. This initiative helped instill a sense of awareness and responsibility in students, making it a meaningful and educational experience for all.

10/02/25 GRADE 1-ASSEMBLY ON NATIONAL DEWORMING DAY

The students of Grade 1 conducted an informative assembly on National Deworming Day, highlighting the importance of deworming for good health and well-being. Through speeches, charts, and creative presentations, they educated their peers on the need for deworming, its benefits, and the importance of maintaining hygiene. The assembly aimed to spread awareness and encourage healthy habits among students. It was an engaging and enlightening session for all.

17/02/25 UKG ASSEMBLY ON NATIONAL CABBAGE DAY:

Our UKG students conducted a vibrant assembly on National Cabbage Day, showcasing their creativity and enthusiasm. A student, dressed as a cabbage, led the assembly, while others delivered speeches, prepared informative charts, and displayed different types of cabbages. It was an engaging and educational session for all.

24/02/25 ASSEMBLY ON NATIONAL SCIENCE DAY:

The students of Grade 9 presented an engaging and informative assembly on National Science Day, celebrating the contributions of scientists and the importance of scientific advancements. They delivered speeches, displayed charts, and shared facts about Sir C.V. Raman's discovery of the Raman Effect. The assembly inspired students to develop a passion for science and innovation.

MEETING FOR TOPPERS AND BLOOMERS - TALENT EXAM MOTIVATION:

On 6th, 12th, 20th and 26th our principal conducted the Toppers' and Bloomers' meeting for Grades 10, 11 and 12 where we recognized and celebrated the achievements of students who excelled academically. The meeting provided an opportunity to acknowledge the hard work and dedication of the toppers while also offering encouragement and support to the bloomers. It aimed to inspire all students to strive for excellence, fostering a positive and motivating environment. The session included discussions on strategies for improvement, goal-setting, and maintaining a consistent academic performance. We have conducted a motivational meeting for our toppers and bloomers, encouraging them to participate in the Talent Exam. The exam consists of one-word questions from five subjects, with each

subject carrying 20 marks. This initiative aims to enhance their knowledge, boost confidence, and prepare them for academic excellence.

26/02/25 MASS FOR 10TH AND 12TH STUDENTS:

A holy mass was conducted for the students appearing for the 10th and 12th board exams. This special service aimed to bless and encourage the students as they prepare for their important examinations. The event provided them with spiritual strength and motivation to face their upcoming challenges with confidence and faith.

26/02/25 FAREWELL:

The Grade 10 and 12 students had a heartfelt farewell ceremony, filled with warm wishes, memories, and gratitude. Teachers and juniors bid them an emotional goodbye through speeches, performances, and special messages. The students expressed their appreciation for their school journey and mentors. The event concluded with blessings and best wishes for their future endeavors.

28/02/25 GRAMMAR CAPSULE:

Our students from Grades 3 to 8 actively participated in Grammar Capsule – Phase III. The session aimed to strengthen their grammar skills through interactive activities, exercises, and engaging discussions. The students enthusiastically took part in various language drills, sentence construction exercises, and error-correction tasks, enhancing their understanding of grammar concepts. The session was designed to make learning grammar enjoyable and practical, ensuring that students could apply the concepts effectively in their writing and communication. Their keen participation and eagerness to learn made the session highly productive. The Grammar Capsule continues to be an integral part of their language development, helping them build a strong foundation in English.

PRACTICAL EXAMINATION:

On 18th, 19th and 25th our students of Grade 10, 11 and 12 appeared for their practical examinations with great focus and preparation. These exams, an essential part of their curriculum, provided them with hands-on experience in their respective subject

ACTIVITIES:

The **LKG** children enthusiastically participated in an activity based on the "Butterfly Rhymes." They recited the rhyme with actions, wore colorful butterfly wings, and engaged in a fun craft session creating butterfly props. The activity enhanced their language skills, creativity, and motor coordination while making learning enjoyable. The classroom was filled with joy and excitement as the little ones brought the rhyme to life through movement and song.

The **UKG** students enthusiastically participated in a Shadow Art Activity based on the theme Domestic and Wild Animals. Using hand and paper cutout shadows, they creatively depicted various animals while learning about their habitats and characteristics. The activity enhanced their observation skills, creativity, and understanding of the differences between domestic and wild animals. It was an engaging and fun-filled learning experience for the young learners.

The **LKG** students participated in a fun and interactive Alphabet Activity, where they creatively formed all 26 letters using their own body postures. Guided by the teacher, the children enthusiastically worked together to shape each letter, enhancing their letter recognition, teamwork, and motor skills. The activity made learning the alphabet an enjoyable and engaging experience for the young learners.

The **UKG** students actively participated in an activity on Road Safety and Rules, where they learned about traffic signals, pedestrian crossings, and basic road safety measures. Through role-playing and visual aids, they understood the importance of following traffic rules. The activity helped enhance their awareness, safety habits, and responsibility in a fun and engaging way.

The **LKG** students enthusiastically participated in a Tamil activity on Mei Ezhuthukal, where they used paints to color worksheets featuring Tamil letters. This hands-on activity helped them recognize and learn Mei Ezhuthukal in a fun and creative way, enhancing their fine motor skills and letter familiarity through an engaging learning experience.

05/02/25

The **Grade 2** students participated in an EVS activity on "Motherland," where they explored the importance of their country, national symbols, and cultural heritage. Through drawings, crafts, and discussions, they expressed their love for their motherland and gained a deeper understanding of patriotism. The activity fostered awareness, creativity, and national pride among the young learners.

The **Grade 4** students participated in a Tamil activity where they drew and labeled satellites, enhancing their understanding of space technology. Through this creative exercise, they learned Tamil vocabulary related to satellites while developing their artistic and scientific knowledge in an engaging way.

The **Grade 3** students engaged in a fun and interactive Tangram Activity, where they used geometric shapes to create various figures and patterns. This activity helped enhance their problem-solving skills, spatial awareness, and creativity, making learning about shapes and geometry an enjoyable experience.

The **Grade 2** students participated in a hands-on Repeated Addition Activity, where they used objects and visual aids to understand the concept of multiplication as repeated addition. This interactive session helped strengthen their math skills, logical thinking, and number sense in a fun and engaging way.

The **Grade 1** students enthusiastically participated in an activity on "My Garden," where they learned about different plants, flowers, and the importance of greenery. As part of the activity, they drew and colored their imaginary gardens, identified common garden plants, and even engaged in simple planting. This hands-on experience helped them develop an appreciation for nature while enhancing their creativity, observation skills, and environmental awareness.

06/02/25

The **Grade 4** students participated in an engaging activity on "Creativity Around Me," where they transformed their classroom into different environments using creative materials. They designed scenes representing forests, oceans, cities, and villages, enhancing their imagination, teamwork, and environmental awareness through this hands-on learning experience.

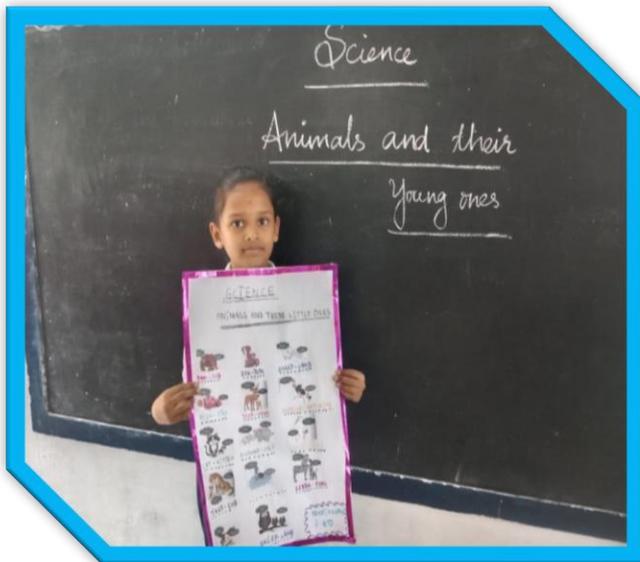

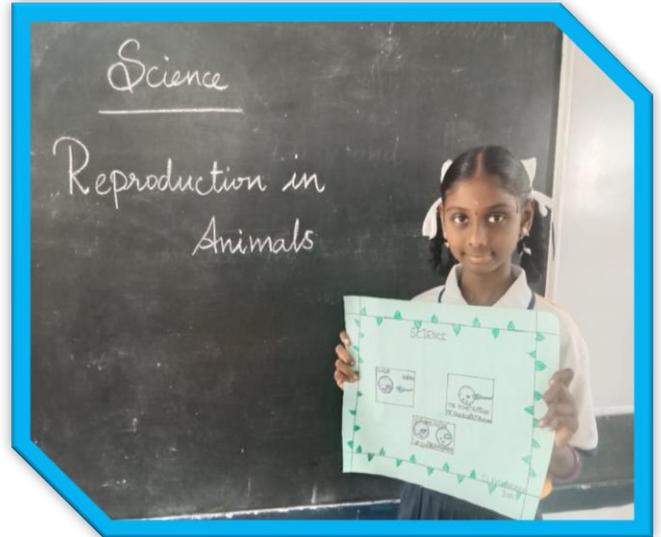

The **Grade 7** students conducted a Science Activity on Hydrocarbons, where they explored the structure, types, and uses of hydrocarbons through models and experiments. This interactive session helped them understand the importance of hydrocarbons in daily life, their chemical properties, and real-world applications, making learning more engaging and practical.

The **Grade 3** students enthusiastically participated in the Coconut Grove Activity, where they explored the various uses and benefits of coconuts. Through hands-on activities like drawing, crafting, and discussing coconut products, they gained a deeper understanding of its significance in daily life. The activity enhanced their creativity, awareness, and appreciation for nature.

The **Grade 5** students participated in an engaging activity on the theme "Reproduction in Animals," where they explored different modes of animal reproduction, including oviparous (egg-laying) and viviparous (live birth) animals. Through charts, models, and discussions, they learned about life cycles, parental care, and the importance of reproduction in maintaining species. This activity enhanced their scientific understanding, curiosity, and observational skills in an interactive way.

07/02/25

Our students of grade 7 participated in a Science Activity – "Let's Make a Rainbow," students used a mirror and water to observe how sunlight disperses into seven colors. When sunlight hit the water surface at an angle, it split into a beautiful spectrum, demonstrating the concept of light dispersion. This hands-on experiment helped students understand the science behind rainbows in an engaging and interactive way.

10/02/25

The **Grade 7** students participated in an English activity on Road Safety, where they engaged in role-plays, poster-making, and discussions to highlight the importance of traffic rules and safe driving habits. Through creative writing exercises like slogans and essays, they improved their language skills while spreading awareness about responsible road behavior.

17/02/25

The **Grade 1** students participated in an interactive activity on the theme "Time and Calendar," where they learned about days, months, and reading the clock through hands-on exercises. Using flashcards, worksheets, and a model clock, they practiced telling time and understanding the importance of a calendar. The activity helped improve their time management skills and awareness of daily routines in a fun and engaging way.

24/02/25

The **LKG and UKG** students joyfully celebrated Sparkle Day with enthusiasm and excitement. The children were adorned with star stickers on their hands and wore sparkling crowns on their heads. The teachers enhanced the atmosphere with colorful sparkle lights, creating a magical setting. The little ones danced joyfully to DJ music and sang a special sparkle song, making the day a memorable and fun-filled experience that encouraged joy, creativity, and togetherness.

25/02/25

The **Grade 2** students participated in an exciting activity on "**A Visit to the Farm**" by creatively transforming their classroom into a mini farm. They set up models of farm animals, crops, and farming tools while learning about farm life, animal care, and agriculture. This hands-on activity enhanced their creativity, teamwork, and understanding of farm environments in an engaging and interactive way.

The **Grade 1** students participated in an interactive activity on "**Materials Around Us**," where they explored different types of materials like wood, metal, plastic, and fabric. Through hands-on sorting, touching, and identifying objects, they learned about the uses and properties of various materials. This fun activity enhanced their observation skills and practical understanding of everyday materials.

26/02/25

The **Grade 1** students participated in an engaging activity on "**Our Neighborhood**," where they learned about different places and people in their community, such as schools, hospitals, markets, and police stations. Through role-playing, drawings, and discussions, they understood the importance of community helpers and neighborhood services. This activity enhanced their awareness, social skills, and sense of community in a fun and interactive way.

28/02/25

The **Grade 7 and 8** students actively participated in an activity celebrating National Science Day, where they conducted experiments, model presentations, and discussions highlighting the contributions of Indian scientists, especially Dr. C.V. Raman. Through hands-on learning and interactive sessions, they explored scientific concepts and their real-world applications, fostering curiosity, innovation, and a passion for science.

..... **THANK YOU**
