MONTHLY REPORT NOVEMBER- 2025

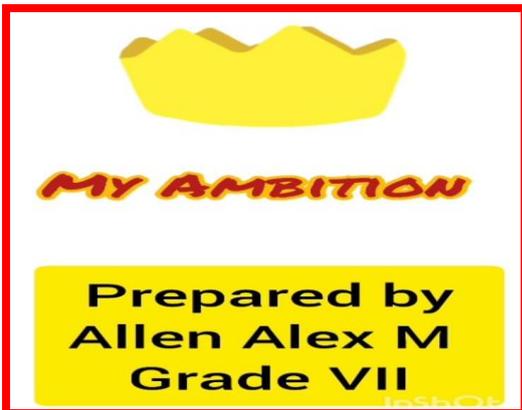

02/11/25 HALLOWEEN DAY CELEBRATION:

Our Kindergarten children celebrated Halloween Day with great excitement and joy. The tiny tots came dressed in creative and colourful costumes like little witches, pumpkins, ghosts, superheroes, and fairies. The school campus was filled with laughter as the children walked in a small parade showing off their costumes. The celebration gave our little ones an opportunity to explore creativity, build confidence, and experience the joy of festive traditions. It was a memorable and fun-filled day for our Kindergarten family.

03/11/25 AI IN THE CLASSROOM CHALLENGE:

Our students enthusiastically participated in the AI in the Classroom Challenge. They explored creative ways to use Artificial Intelligence in learning through activities like generating ideas, solving problems, and creating digital content. The challenge encouraged innovation, critical thinking, and teamwork. It was a wonderful platform for students to experience how AI can support and enhance classroom learning.

07/11/25 SAFETY DAY:

Our principal inspected Safety Day activities thoroughly. We checked vehicles, fire safety equipment, classrooms, labs, gardens, and restrooms. All areas were found clean and secure. Necessary safety measures were in place and followed. The principal appreciated the team's efforts to maintain a safe environment.

TOPPERS AND BLOOMERS MEETING:

On 5th, 12th, 19th and 26th Toppers and Bloomers Meeting was organized to review the academic performance of students for grade 10 and 12. The Principal and teachers appreciated the toppers for their consistent hard work and achievements. Special focus was given to the bloomers, where strategies and guidance were shared to help them improve in their studies. The meeting encouraged all students to set higher goals and work towards their progress.

07/11/25 KINDERGARTEN PICNIC – POLICE MUSEUM, COIMBATORE

The Kindergarten students went on a picnic to the Police Museum in Coimbatore on 7th November. The little ones were excited to see the different displays and learned about the role of police in keeping us safe. Teachers guided the children through the exhibits, making the visit both enjoyable and informative. It was a fun and memorable outing for our tiny tots, filled with learning, laughter, and happy moments.

14/11/25 Children's Day Celebration:

Our school celebrated Children's Day with great joy and enthusiasm. The teachers presented a special assembly highlighting the importance of the day and performed delightful programs for the students. Their songs, dances, and skits brought smiles to every child and made the celebration truly memorable. Students enjoyed the warm wishes, thoughtful messages, and the cheerful atmosphere created by the staff. The program reflected the love and care teachers have for their children. We also celebrated the birthday of our beloved Rev. Fr. Rethes MMI, adding a special touch to the occasion. A short felicitation was held, and the school community joyfully conveyed their wishes. The entire day was filled with happiness, laughter, and beautiful moments shared between teachers and students

22/11/25 REV.FR. ARULRAJ ROLLING TROPHY:

Our school participated in the football tournament held at Christ the King Matric Higher Secondary School, Karamadai, on 22nd November. Competing among 10 schools, our Under-14 Boys team secured third Place with an outstanding performance. The winners were honored in the presence of Rev. Fr. Rethees MMI, Rev. Fr. Manoj, and the Chief Guest Mr. Jagadeeshan, along with our Principal Mrs. M. Kalaiselvi. Their appreciation and encouragement added pride to the occasion. This achievement is a proud moment for our school, reflecting the hard work, dedication, and teamwork of our young players.

23/11/25 Report on Students' Telecasted Performance – Universal Book of World Records:

We are pleased to report that the performances of our students — D. Noah Tristan (V Std), D. Angel Alayna (V Std), M. Alan Alex (VII Std), and S. Sasmitha (VII Std) — for the Universal Book of World Records dance competition conducted by Kalalaya – Yuvakala Awards were successfully telecasted. The students showcased their

exceptional talent, dedication, and discipline through their dance performance. Their participation in this prestigious platform highlights the school's commitment to encouraging and nurturing the artistic abilities of our children. This achievement stands as a proud moment for our school, bringing recognition and honour to our institution and motivating other students to actively participate in such competitions.

24/11/25 INSTITUTION FEAST – FEAST OF CHRIST THE KING:

Our school joyfully celebrated the Institution Feast of Christ the King along with Christ the King Engineering College. A solemn Holy Mass was offered as part of the celebration. The Mass was presided over by Rev. Fr. Francis Jerald, Parish Priest of Grotto, Mettupalayam, along with our campus priests who added grace and blessings to the occasion. Following the Mass, a cake-cutting ceremony was held to mark the festive spirit of the day. Lunch was also provided for all the teaching and non-teaching staff, making the celebration meaningful and memorable. The feast day brought the entire campus together in prayer, unity, and thanksgiving.

26/11/25 PICNIC TO FOREST MUSEUM – METTUPALAYAM:

On 26th, the students of Classes 6 to 8 went on an educational picnic to the Forest Museum in Mettupalayam. The children observed various forest exhibits, wildlife models, and information on conservation. Teachers guided them through the displays, helping them understand the value of forests and biodiversity. The trip was informative, enjoyable, and provided a meaningful learning experience beyond the classroom.

ACTIVITIES

Pre-KG – Tracing on the Board Activity:

The Pre-KG children participated in a fun tracing on the Board activity. The little ones practiced tracing lines, curves, and simple shapes on the board with the guidance of their teachers. This activity helped improve their fine motor skills, hand-eye coordination, and early writing readiness. It was a joyful and engaging session that encouraged the children to develop confidence in their pre-writing skills.

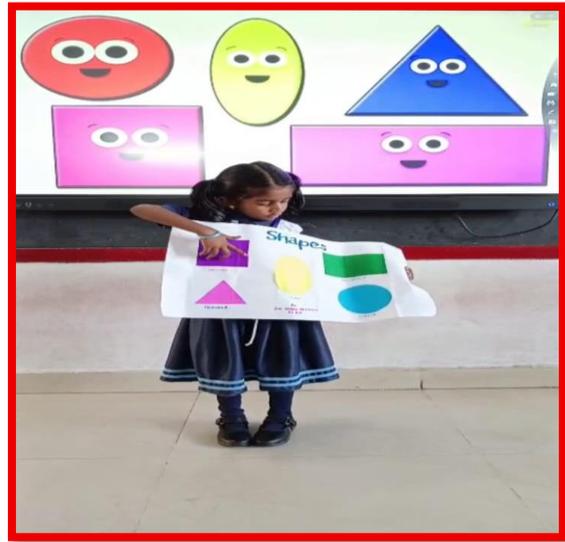

COLOURS DAY – JUNIOR KG

The Junior KG children celebrated Colours Day with great excitement and joy. The little ones came dressed in bright and beautiful colours, making the classroom lively and vibrant. Teachers conducted fun activities like sorting objects by colour, colouring worksheets, and identifying colours in the environment. The celebration helped children learn colour recognition in an enjoyable and interactive way. It was a cheerful day filled with smiles, creativity, and colourful moments.

SHAPES DAY – SENIOR KG

The Senior KG children celebrated Shapes Day with great enthusiasm. The little learners participated in fun activities where they identified and sorted different shapes such as circles, squares, triangles, and rectangles. Teachers used charts, objects, and hands-on tasks to help the children understand shapes in a lively and interactive way. The celebration made learning enjoyable and helped the children recognize shapes in their surroundings. It was a joyful day filled with creativity, exploration, and happy moments.

GRADE 1 – GROUPING TENS AND PLACE VALUE **ACTIVITY**

The students of Grade 1 participated in an engaging activity on Grouping Tens and Place Value. Using objects and number cards, children learned how to group units into tens and understand the value of digits in a number. The hands-on practice helped them visualize numbers better and strengthened their foundational math skills. The activity made learning fun, interactive, and meaningful for all the children.

GRADE 2 – FUN WITH MUSIC ACTIVITY

The students of Grade 2 enjoyed a lively Fun with Music activity. The children sang simple songs, clapped rhythms, and followed musical patterns with enthusiasm. The activity helped them improve listening skills, coordination, and confidence while expressing themselves through music. It was a joyful and engaging session that filled the classroom with excitement and melody.

GRADE 3 – ENGLISH ACTIVITY: TRIP TO THE STORE (ANJARAIPETTI)

The students of Grade 3 participated in an interactive English activity based on the lesson “Trip to the Store – Anjaraipetti.” Children enacted a visit to a store by using different items and speaking simple sentences related to buying and selling. They practiced dialogues such as asking for items, thanking the shopkeeper, and using polite expressions. This activity helped students improve

their vocabulary, speaking skills, and confidence in using English in real-life situations. It was a fun and engaging learning experience.

GRADE 3 – SOCIAL ACTIVITY: KINDS OF ANIMALS

The students of Grade 3 participated in an engaging activity on Kinds of Animals. Children sorted animals into different groups such as domestic animals, wild animals, water animals, and birds. With the help of pictures and charts, they identified each animal and discussed its habitat and uses. The activity helped students understand animal classification in a fun and interactive way, enhancing their observation skills and general knowledge.

GRADE 4 – MEASUREMENTS ACTIVITY

The students of Grade 4 took part in a hands-on activity on Measurements. Using measuring tapes, rulers, and weighing scales, children measured the length, height, and weight of different objects in the classroom. They also practiced recording the measurements accurately in standard units. This activity helped students understand the practical use of measurement in daily life and strengthened their mathematical skills through real-time exploration. It was an enjoyable and informative learning experience for all.

MINI MARKET ACTIVITY – GRADE 6

The students of Grade 6 enthusiastically participated in a Mini Market Activity as part of their Mathematics learning. The activity was designed to help them understand the concepts of profit and loss in a practical and engaging way. Students set up small stalls with simple items, acted as shopkeepers and customers, and calculated cost price, selling price, profit, and loss during each transaction. This hands-on experience helped them apply mathematical concepts in real-life situations and improved their confidence in handling money and calculations. The activity encouraged teamwork, communication skills, and financial awareness, making learning both fun and meaningful for all the students.

.....Thank you.....
